## ABOUT

Recent Computer Science graduate from Universitas Bina Bangsa with five years in steel industry quality control. Specializing in Flutter, adept at crafting sleek mobile apps with engaging interfaces. Enthusiastic about making valuable contributions to the tech industry and maintaining a positive atmosphere in the dynamic tech landscape. Excited about coding and exploring new possibilities!

## EDUCATION

**Universitas Bina Bangsa** | Bachelor of Computer Science | June 2019 - June 2023

**MAN 1 Kota Serang** | IPA | June 2013 - June 2016

## WORK EXPERIENCE

*January 2023 - Present*

### **PT Krakatau Baja Industri**

Quality Control Technician

- Develop and maintain inspection reports, ensuring compliance with laws, company standards, and specifications.
- Maintain calibration of quality control equipment, perform inspections across all production stages, and prepare test data for review.
- Evaluate data, draft reports noting deviations from standards, identify areas for improvement, and communicate quality concerns with urgency.

*April 2018 - December 2022 · 4 years 9 months*

### **PT Krakatau Steel**

Quality Control Inspector

- Read blueprints, monitor operations, and recommend process adjustments to ensure production standards.
- Inspect, test, and measure materials/products using various tools, and accept or reject finished items based on quality criteria.
- Remove non-compliant products, and report inspection and testing data, including surfaces, dimensions, weights, temperatures, grades, cleanliness, moisture content, and quantities inspected.

*April 2017 - March 2018 · 1 years*

### **PT Krakatau Steel**

Apprenticeship

- Participated in workshops and engaged in various learning opportunities.
- Assisted in the relevant department while exploring different aspects of the company.
- Observed and adhered to health and safety procedures, completing all required tests, presentations, and evaluations.

## TRAINING and CERTIFICATE

### **Learning Fundamental Flutter Application**

Courses: Fundamental Flutter, UI Design with Widgets, State Management, Fetching Data from the Internet, Scheduling, Local Storage, Testing, Firebase in Flutter

Link Certificate: [bit.ly/MAUZYCERT1](https://bit.ly/MAUZYCERT1)

### **Learning the Basics of JavaScript Programming**

Courses: Introduction Class, Introduction JavaScript, JavaScript Fundamentals, Data Structure, Function, Object-Oriented Programming, Functional Programming, Setup Environment, Module, Error Handling, Concurrency, Node Package Manager, JavaScript Testing

Link Certificate: [bit.ly/MAUZYCERT2](https://bit.ly/MAUZYCERT2)

### **Learning to Create a Back-End Application for Beginners**

Courses: Introduction to Back-End, Fundamentals of Node.js, Building a Web Service using Node.js, Deploying a Web Service, Consuming and Testing RESTful APIs using Postman

Link Certificate: [bit.ly/MAUZYCERT3](https://bit.ly/MAUZYCERT3)

### **MySQL Database: Beginner to Advanced**

Courses: MySQL Basics, MySQL Database, MySQL Database Case Study, Database Design

Link Certificate: [bit.ly/MAUZYCERT4](https://bit.ly/MAUZYCERT4)

### **Git: Beginner to Advanced**

Courses: Git Basics, Git Branching, Git Remote, Version Control, Distributed Version Control, Project Management with Git

Link Certificate: [bit.ly/MAUZYCERT6](https://bit.ly/MAUZYCERT6)

### **Learning to Build Web Applications with React**

Courses: Introduction to React, Basic React Concepts, React UI Components, Stateful Components

Link Certificate: [bit.ly/MAUZYCERT5](https://bit.ly/MAUZYCERT5)

## SKILLS

- Flutter, Dart, Kotlin, Java
- Javascript, React, PHP, HTML, CSS
- Visual Basic, Foxbase
- Git, MySQL, Python
- Ms. Excel
